D'MORSE'S INVICORATING CORDIAL

FOR GENITAL DEBILITY, IMPOTENCY, INCONTI-TOR GENITAL DEBILITY, IMPOTENCY, INCONTINENCE, OR NOCTURNAL EMISSIONS, &c.—The astonishing success which has attended this invaluable medicine, for Loss of Muscular Energy, Physical Lassitude, and
General Prostration, or any of the consequences of youthful
indiscretion, or indulgence of the pession in riper years, renders it the most valuable preparation ever discovered.
In fact, as a remedy for the above complaints, it stands unrivalled and alone. There is no other reliable remedy, or
any that has authentically received the sanction of the
Medical Faculty. The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been
tested, and its virtues proclaimed, by the highest names of
the faculty of London, Paris, and the chief cities of Europe,
as well as by eminent Physicians in this country. It is the
only infallible remedy for NERVOUS, HEAD, and MIND
COMPLAINTS—the mental physic so long sought for and
never before found—the only agent that can administer to
MIND DISEASES. It will remove all nervous affections,
DEPRESSION, EXCITEMENT, incapacity to study or business, loss of MEMORY, CONFUSION, thoughts of selfdestruction, fear of insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by
Sensual Excesses or evil practices. It has been said by
some that these disorders, emissions, &c., were incurable.

DR. MORSE'S INYIGORATING CORDIAL has cured, This, however, is not the fact.
DR. MORSE'S INVIGORATING CORDIAL has cured

and is constantly curing, these complaints—relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclu-

mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclusively show:

Dr. Woodward, of ——, Maszachusetts Insane Hospital, writes of one of his patients being cured by using this Cordial thus: "It gives me pleasure to inform you that one of my patients, while in Boston, procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me," says Dr. W., "I thought it hardly possible for him ever to regain his full strength. I prescribed the usual medicine used in those cases in the hospital, but they had no effect. In the mean time he purchased some of your Cordial, which has effected a cure I am sure no other medicine would. I shall ever recommend it, whenever an opportunity occurs."

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of ourse out of the question. The proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not secidentally obtained, but is firmly based upon its positive and apparently miraculous virtues. In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation. And it is equally potent for many diseases for which it is recommended.

THE MEDICAL JOURNALS
have not, in a single instance that has been authenticated,
given their sanction to any other preparation for the above
complaints. It has, in many violent and desperate cases,
effected radical cures, after patients had been abandoned,
and their condition pronounced hopeless by medical practitioners of high professional character.

THE COMMON EXPRESSION
or those who have used this Extract is: "I had heard your
Cordial highly spoken of, but was one of the incredulous in
regard to its merits, having tried various medicines sold for
the same purpose, (different Sarsaparillas,) without deriving
any benefit. I had aimost given up all hore of obtaining
relief, when I purchased some of your Cordial. I had no
faith whatever of its benefiting me—but it has. I feel
stronger, have had no emissions since, although it is not
three weeks. I am satisfied that the half a dozen bottles I
took will cure me."

Another says: "I had consulted several distinguished physicians. Some said I could not be cured; others prescribed this thing and that; but I found no relief until I procured some of your Cordial. I must say it completely cured me."

cured me."

Another says: "I was surprised at the effect your Cordial had. Why had I not heard of it before? It would have sayed me so much expense, besides years of mental and bodily suffering."

CAUTION.—Ask for Dr. Morse's Cordial, and take no other, as there are worthless imitations which its unrivalled excellence, fame, and popularity have brought into the market. It will not hurt the most delicate female, but do good. Beware of all other Cordials, &c., and try only this. It is put up in plut bottles, with the words Dr. MORSE'S INVIGORATING CORDIAL blown on the glass. Price \$3 per bottle; two bottles, \$5; six bottles, \$12; and \$24 per dozen.

Young Men especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually eweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecctacy the living lyre, may call with full considence.

MARRIAGE.

Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.

BR. JOHNSTON,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

ed sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.

Dr. J. addresses all those who have injured themselves by private and improper indulgences, that secret and solitary habit, which ruin both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Deransement of the Digastive Functions, General Debility, Symptoms of Consumption, &c., &c.

Mentally.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.

Weakness of the system, Nervous Debility and premature decay generally arise from the destructive habit of youth, that solitery practice so fatal to the healthful existence of man, and it is the young who are most apt to become its Victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsis, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption; also those serious Mental effects, such as loss of Memory, Depression of Spirits, or peculiar fits of Melancholy, when the truth is, they have been caused by indulging in Pernicious but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure to their friends, and ornaments to Society.

uais destitute of knowledge, name, and character—pediars, shoemakers, mechanics, &c., advertising themselves as physicians; ignorant quacks, who keep you trifling month after month, as long as possible, and in despair leave you with ruined health to sigh over your galling disappointment. It is this motive alone that induces Dr. J. to advertise, for he alone can cure you. To those unacquainted with his reputation he deems it necessary to say, that his credentials or diplomas always hang in his Office.

Weakness of the Organs immediately cured, and full

vigor restored.

The beacon light shall blaze again; And freedom's fees thall feel the shot, When they see him coming—conquering Scott! Chorus—March, freemen, &c.

Then rise up, Whiga, so good and true, Who fought of old by Tippecanoc; And bravely stood for Harry Clay, When fraud and slander ruled the day! Chorus—March, freemen, &c. Up, Yankee boys, and, Southrons, come—
You yielded hall and humble home—

A Champion Worthy His Cause!

The New Hampshire Patriot is the organ of the Democratic party in the town of Concord, the residence of Gen. Franklin Pierce. It is frequently referred to and quoted by the papers of that party throughout the Union. We have always entertained the opinion that it is in the confidence of Gen. Pierce, and have been assured that it occasionally contains articles from his pen. Of this, however, we are not certain. Its earnest and feeling advocacy of him warrants the opinion, at least, that it receives his approval and encouraging support. Perhaps our readers will relish "a touch of its quality." Here it is:

"THE BIGGEST LIE YET .- Some paper has offered a reward for the biggest lie of the campaign, at the next term. and a member of Congress from Ohio, named remain in custody. Bell, can safely claim the reward. In a late speech in the House, THIS MAN had the BRA-ZEN IMPUDENCE and MENDACITY to declare and to quote figures in support of his DELIBER-ATE LIE, that in the election in this State, in 1851, the Democrats cast more than two-thirds of the votes given for governor. This WILFUL FALSEHOOD was uttered for the purpose of proving that the Democrats had it in their power to adopt the amendment abolishing the religious test, which required a two-thirds vote. To appreciate the REVOLTING IMPUDENCE AND MENDACITY of this FELLOW, it is only necessary to bear in mind that in that election the Democrats were in a minority of more than 3,000. Every man who heard this BRAZEN PLACK-

"There were two Democratic and one Whig candidate. The Democratic candidates received 39,159 votes; the Whig candidate did not receive one third of the votes, as he got only 18,484."

In a preceding paragraph Mr. Bell had said: "My statement is of course based upon the nformation I have received through the newspapers of that State."

Did any newspaper of that State afford to him data for the above statement? A careful examination of the following, from the National Intelligencer of June 10, 1852, will answer this question. Indeed it covers the whole ground:

The very day (in March, 1851) when the people of New Hampshire rejected the amendment to their constitution which proposed to abolish the property qualification and the religious test, an election was held for governor, at which the Whig candidate received only eighteen thousand votes out of a poll of fifty-seven thousand. The vote was as follows: [The Whig Almanae gives the same figures.]

For Mr. Sawyer, (Whig) 27,123 12,086

Mr. Atwood was the regularly nominated Democratic candidate until within a few days of the election, when, owing to his Freesoil predilec-tions, he was thrust aside, and Mr. Dinsmoor substituted in his place. It is not probable, therefore, that Mr. A. received the support of many Whigs; indeed, it is rendered certain that he did not receive their support, from the fact that on received at the several annual elections immediately

preceding that of 1851. Now, in contrast with the above vote, we insert from our own columns of the 31st March, 1851, the returns of the vote on the several constitutional amendments submitted to the people. These returns were originally copied fro New Hampshire Patriot, and professed to give the complete vote of the State, with the exception of

North Carolina Election.

PETERSBURG, August 11. We nave now returns from all but 19 counties

in the State, and there can be no doubt of Reid's re-election by about 3,500 majority. In addition to the Whig gains reported yesterday in the House of Commons, they have gained another member in Lincoln, and one probably in Pearson, which would seem to give them the lower house. The following is the vote for governor:

electing Judge Spalding, of Ohio, as temporary

After appointing a committee on permanent organization, the Convention took a recess. A mass meeting was then organized in the hall, which was addressed by Messrs. Walker

The Convention reassembled at 12 o'clock, and, this occasion Mr. Sawyer's cote was nearly the same after appointing a committee on the platform, in amount as the Whig condulate for governor had took a recess until 3 o'clock p. m. took a recess until 3 o'clock p. m.
